

Foxhole Facility

The Foxhole Facility consists of the actual "Landfill" as well as the "Full-Service Drop-off Center". The "Landfill" has different acceptance items from the Full-Service Center, and generally accepts only commercial entities who have permits for landfill use.

Foxhole Full-Service Drop-off Center

The Foxhole Full-Service Drop-off Centers is open for residential & limited commercial use **Mondays through Saturdays from 7am - 4pm**. The Center accept all items allowed in curbside residential recycling PLUS an extensive list of other items (as listed on page 25), including household hazardous waste. The Centers are partially funded through the County's residential availability waste fee, which means County residents are not charged a disposal fee for most recyclable items. Full-time staff is available to assist you Monday through Saturday from 7am to 4 pm.

Foxhole Landfill

The Foxhole Landfill is open Mondays through Fridays 7am - 4pm. Located at the border of Mecklenburg County, Union County, and Lancaster County (SC). Presently, the landfill is accepting **only constuction and demolition waste**.

Important Reminder!

Your curbside garbage is sent to a local municipal solid waste (MSW) landfill. These are landfills that can accept normal household waste. MSW landfills are built to comply with state and federal regulations, providing protection for ground water, air quality and adjacent properties. As such, there are a number of things that are banned from MSW landfills. These items **should never** be placed in your curbside garbage container. The banned items and proper disposal methods are listed below:

Items Banned From Disposal in NC Landfills

Put in your curbside recycling container

- **Plastic bottles with Necks** (such as water and juice, and laundry detergent bottles) - Recycle these in your home recycling bin or at any of the Self-Service or Full-Service Recycling Centers
- **Aluminum cans**- Recycle these in your home recycling bin or at any of the Self-Service or Full-Service Recycling Centers
- **Yard trimmings**- Place at curbside loose or in Kraft paper yard waste bags for municipal collection or bring them to any Full Service Recycling Center

Bring the below listed banned items to a Full-Service Drop-off Center for disposal as Household Hazardous Waste

- Used cooking oil
- White goods such as kitchen appliances
- Electronics including computers and televisions
- Antifreeze
- Whole scrap tires
- Lead acid batteries
- Used motor vehicle oil and oil filters
